April 1958

GOOD MORNING

With our April '58 Nursery Stock Availability List, we give vocal utterance to these observations, and comments:

- 1) Business for the Nurserymen has been good. It will continue good! It could not justifiably do otherwise. Our economy is healthy. Our communities are growing, and destined to grow more by leaps and big bounds.
- 2) The Nurseryman's market is a whopping big one. Consider the million-or-so homes built each year for the last decade. The same building pace to continue, as a minimum. Our enlarging and suburban-bound population needs more roofs -- more residential buildings -- more and more nursery stock for home landscaping.
- 3) The Nurseryman must remain undaunted, unaffected by the short-term flips in the business cycle. A long-range planting-growing program requires a year-after-year plan, and no skips in between. If you miss a year, it catches up some 3 or 4 years hence -- and too late to do much about it! Line out material EVERY year!
- 4) Our availability list is diminishing every day! We are selling hard, and getting orders. Many times the circumstances warrant 'phoning your order, and getting confirmation right over the telephone line.
- 5) No unseen, additional boxing or packing charges on shipments from D. Hill Nursery Company.
- 6) Note our SPECIAL get-acquainted offers. They're good propositions for the Nurseryman.
- 7) TRY US!

Cordially,

D. HILL NURSERY COMPANY
